Applying for a grant from the  
**Central Kansas Kids FUNd**

The Central Kansas Kids FUNd is funded with proceeds from the 2009 CKCF Pro/Am Golf Tournament. This program aims to support projects and organizations that directly benefit the children of Harvey, McPherson and Marion Counties.

Attached is an application for funding through the Central Kansas Kids FUNd. An electronic form application is available on our website, [www.ckcf.net](http://www.ckcf.net). You may complete the document and submit it online using the SUBMIT ONLINE button at the bottom of the application. You may handwrite or type the application. You may also retype the application into a new document and complete it by computer as long as you try to stay as true to the format of the original application as possible and the request still fits on only two one-sided pages.

The applying agency or organization must qualify as a 501 (c) (3) entity under the Internal Revenue Service code. Please attach proof to your application.

**FUNDING REQUESTS SHOULD NOT EXCEED \$1,000.**  
**THE GRANT APPLICATION MUST BE RETURNED BY**  
**MARCH 1, 2010!**

Please include only the two page application and the proof of 501 (c) (3) status with your application. Do not include any additional attachments or cover letters. We also ask that your application not be bound or placed in a report cover. You may staple the application and the 501 (c) (3) documentation. If the grants committee has any question or would like additional information, you will be contacted.

All submissions are subject to the process, procedures, and rules of Central Kansas Community Foundation.

Recipients of funds will be selected and notified in April of 2010.

If you have any questions, please call:  
The Central Kansas Community Foundation office, 316-283-5474.
